

561 East Brugler Avenue
Bloomsburg, PA 17815

What a great three unit apartment building, two of the three units are in move in condition, the third unit will need some clean up and new flooring. Located 3/10 of a mile from Bloomsburg University, this property would make perfect student housing. All units have separate entrances. Central hot water heat and also a basement area with an overhead door. This property is also within walking distance of the hospital.
